

AgileCore Patrol Management

Intelligent Patrol Stick

PT-EA15332

Key Features:

- ▲ With LED flashlight function
- ▲ Waterproof grade: IP67
- ▲ Lithium battery powered, replaceable battery
- ▲ Real time upload of patrol data
- ▲ Support drop record/alarm function
- ▲ Support remote online upgrade
- ▲ Support RFID contactless card reading and dormant card reading;
- ▲ The data transmission is stable and fast to prevent data loss;
- ▲ Superpower saving, the longest standby time is more than 25 days
- ▲ Metal shell, hard oxidation, wear and fall resistance
- ▲ OLED super bright liquid crystal display, which can display time, power, data and other information

Specification

Model	PT-EA15332
Weight	300g
Dimensions	(153*32) MM
Card reading distance	2-3CM
Card reading mode	Support sleep card reading contactless 125kHz
Rated voltage	4.2V columnar lithium battery
Full power card reading	7000+charging points
Endurance	25 days+
Power display	Support
Material	304 stainless steel

Specification Cont.

Surface treatment	CNC knurling
Degree of protection	IP67
Flashlight function	Support
Drop detection	Automatic upload of records
Storage records	Cloud storage
Communication mode	4G cellular transmission
Operating temperature	-20 ° C-70 ° C
Operating humidity	30%-95%
Clock	Automatic server timing
Personnel replacement	Swipe personnel card
Supported languages	Chinese Simplified Chinese traditional English
Parts	Lithium battery *2 leather case *1 charger *1

Ordering Information

Ordering model	Description
PT-EA15332	The intelligent patrol machine is equipped with an employee identification card and patrol point
AC-PT-AS101PRC	Employee identification card
AC-PT-AS301ESC	Buried wall fixed patrol point
