

Turbine Mini Intercom with Video

Small in size, big in features!

Are you looking for an all-weather, security solution that blends into its surroundings? Meet our new Turbine Mini TMIV-1+ with exceptional video and unrivaled high-quality audio!

Zenitel's Turbine Mini with Video combines the video and audio technology of our Turbine Series into a low-profile design that controls door and access, day and night, and can blend into any environment.

The new solution is UV-resistant, with a robust-die-cast aluminum frame that can withstand extreme temperatures and weather conditions.

The new TMIV-1+ also allows for seamless integration with other security systems, such as video management solutions.

TMIV-1+

- Powerful audio technology, including high sound pressure, automatic volume gain control, and active noise echo canceling
- HD video up to 1080p resolution
- Wide-angle lens
- ONVIF conformant
- Background noise cancellation
- Robust, die-cast aluminum frame
- Supports wide set of IP and networking standards
- White thermoplastic front plate with one button
- Ideal for buildings, universities, K12, hospitals, and more

Low-Profile design easily blends with any environment

All Weather, Outdoor & Indoor Solution

Premium Audio Quality

HD Video

Key Features & Benefits

Zenitel's Turbine Mini intercom solution can be used in all door and access control situations. It connects directly to an IP network, making it easy to deploy anywhere and at any distance.

HD Video

With a wide-angle lens, the TMIV-1+ provides video surveillance, two-way communications, and remote-entry control, day or night.

High-Quality Audio

The TMIV-1+ includes unrivaled powerful audio, such as automatic gain control, HD voice, active noise cancelling, and more, giving users crystal-clear audio.

Low-Profile Design

The low-profile size (117 x 117 x 43.5 mm; 4.61 x 4.61 x 1.71 in.) allows it to be installed in many areas with ease.

Outstanding Video

The Mini Turbine intercom video station packs crystal-clear HD video technology that allows users to identify and communicate effectively with individuals at a front door.

Crystal Clear Audio

Like all IP stations in Zenitel's Turbine series, the Turbine Mini utilizes Zenitel's audio technology to create unparalleled audio quality. With noise cancelling capabilities, the sound is crystal clear.

All Weather Solution

The all-weather capability of the TMIV-1+ makes it a perfect solution for all types of environments, while its low-profile design allows it to blend into any situation, if necessary.

Meet the Turbine Mini series

In addition to the TMIV-1+ the Zenitel Turbine Mini series includes several intercoms that are designed for smaller facilities and are used as a communication, information, or emergency device.
